## Data Files

Data files recently released by the Census Bureau are listed below. They are sold by Customer Services (301-457-4100) unless otherwise noted. Use the Census Bureau order form.

The cost of new files on computer tape generally is based on the file size, with the minimum charge being \$175. The files are offered on tape reels or tape cartridges. Data files also are offered on CD-ROM. The price for a mass-produced CD-ROM, prepared for popular files, generally is \$150.

CD-ROMs also can be prepared on request for data files otherwise available only on tape reel or cartridge. The cost for such CDs is the same as the cost for the tape file. The CD files are ASCII copies in the same format as on tape, and they are not accompanied by software. Since the discs are specially prepared in response to customers' requests, orders take about 2 weeks. For further information about this service, contact Customer Services.

Files available on diskette ("floppies") for IBM compatible microcomputers also are listed.

An ever increasing variety of data files and product information (including this publication) can be accessed via the Internet. (See "Internet New PDF Publications" section for more information.)

Free *Data Developments* booklets provide brief descriptions of most files. *Data Developments* from 1997 to date are available online (<http://www.census.gov/apspd/datadev/atadev1.html>).

# How to Order

## Publications

Most Census Bureau publications are available through the Census Bureau's Customer Services or the Government Printing Office (GPO). They are also available in PDF format through the Census Bureau's web site. The new publication entries in this *Monthly Product Announcement* direct you

to the right source and, if available via Internet, the web site's URL.

Both Customer Services and the GPO accept phone or fax orders when you charge to VISA, MasterCard, or a deposit account. GPO also accepts the Discover card. Both offer express service for off-the-shelf products for an extra charge when you order by phone.

Generally, if you order 100 copies or more of a publication sent to one address, you may take a 25-percent discount.

## Data Files

To order data files, use the Census Bureau order form or order by phone or fax, unless the entry gives other instructions.

Technical documentation accompanies each file, or it often may be ordered separately, using the Census Bureau form.

Files on computer tape are offered on tape reels or tape cartridges. The tape cartridges are IBM 3480 compatible (operable with StorageTek 4780 tape subsystems and Digital Equipment Corporation VAX TA90 subsystems).

When mass-produced, files on CD-ROM also are listed in the "Data Files" section earlier in this publication. Other tape files can be produced on CD-ROM by special order for the price of the tape. See the discussion under "Data Files."

Some data files are available on diskettes for IBM and compatible microcomputers.

## Priority Service

Customer Services offers priority service for CD-ROMs for an extra \$25 fee when you order by phone or fax. Orders received before 2:00 p.m. eastern time are processed and shipped the same day.
